

“Training and Self-Empowerment for the 21st Century” Become A Green Janitorial Professional

Course Description – 30 Hour Course (10 weeks @ 3 Hrs/week)

A highly overlooked and under-rated profession is janitorial services. While taken for granted, our quality of life is very much dependent upon the timely and accurate delivery of these services. The term “Cleaning Up” can mean more than just words for everyday household tasks. It can mean **Big** business opportunities for the entrepreneur interested in residential services or for commercial janitorial services.

This course is designed to provide practical hands-on training for participants interested in learning the amazing industry known as janitorial services. With a focus on “**Green Cleaning**”, participants will learn how to *safely* perform high-quality **cleaning** maintenance by using products and methods that are beneficial for people and the environment.

Course Objectives

Upon completion of this course participants will have acquired basic skills for safely performing general cleaning tasks, the use of green cleaning products/services, business opportunities, and industry terminology.
